

MToken to Duo Enrollment Update

July 13, 2016

U-M Duo Enrollment

51% Duo Enrolled

49% Yet to Enroll

Total percentage includes the Ann Arbor, Dearborn, Flint and UMHS campuses.

Communications & Drop Ins

- Weekly reminders continue to MToken holders (not UMHS)
- Drop-in sessions for campus continue thru July 19
- Encourage you to help those in your area who have yet to enroll

Duo Enrollment Tips

- Show people the smartphone app!
- Remind them of all options
- Enroll in a primary and backup method (app + office phone is popular option)
- Let them know they can go back and make changes down the road
- Don't set up the "Automatic Push" yet
- Biggest challenge: devices themselves!

What Happens On July 20?

The screenshot shows a web browser window with the URL <https://weblogin-test.its.umich.edu/cosign-bin/cosign.cgi>. The page header features the University of Michigan logo and the text "WEBLOGIN UNIVERSITY OF MICHIGAN". The main content area displays a "Two-Factor Authentication Required" message. A central box contains the University of Michigan logo, the heading "Protect Your University of Michigan Account", and explanatory text: "Two-factor authentication enhances the security of your account by using a secondary device to verify your identity. This prevents anyone but you from accessing your account, even if they know your password." Below this, it states "This process will help you set up your account with this added layer of security." and includes a green "Start setup" button. Links for "What is this?" and "Need help?" are also present, along with the text "Powered by Duo Security". At the bottom of the page, a disclaimer states: "By your use of these resources, you agree to abide by Proper Use of Information Resources, Information Technology, and Networks at the University of Michigan (SPG 601.07), in addition to all relevant state and federal laws." The footer of the page reads "University of Michigan © 2016 The Regents of the University of Michigan". The browser's address bar and various tabs are visible at the top, and the Windows taskbar is at the bottom.

Two-Factor Authentication Required

Protect Your University of Michigan Account

Two-factor authentication enhances the security of your account by using a secondary device to verify your identity. This prevents anyone but you from accessing your account, even if they know your password.

This process will help you set up your account with this added layer of security.
